Our Persecuted Brothers & Sisters

Near the end of July, six believers were evicted from their village for their Christian faith. Armed village leaders and others invaded their homes and demanded they leave the village. The Christians, displaced from their homes and land, are waiting for government authorities to hear their case and determine if they can return to their village. Pray that these believers will be able to return home and share the gospel with other villagers, and pray for a new church to emerge out of this ordeal.
