***Our Persecuted Brothers and Sisters***

**Sri Lanka** - A pastor, his wife and two other Christians were assaulted recently after leaving a birthday party at the home of another Christian. Five villagers confronted the Christians, threatening and verbally abusing the pastor. When the Christians continued walking away, the attackers began throwing stones at them, injuring the pastor's wife and another female. The pastor later filed a complaint at the local police station. Although Christians in Sri Lanka can worship openly, local Buddhists often stir up anti-Christian sentiment, leading to attacks like this one. Pray for healing of the two injured women, and pray that Christians will have the courage to keep meeting despite these threats.

## *Prayer requests for September 16, 2018*

### ***Our Persecuted Brothers and Sisters***

**Kuwait** is #34 on the 2018 Open Doors persecution watch list. According to the constitution, Islam is the state religion. While Christians experience faith-related restrictions in Kuwait, expatriate Christians are relatively free to worship informally. However, they have a difficult time securing places for worship and are often pitted against each other to gain access to church buildings. Meanwhile, converts from Islam experience discrimination, harassment, police surveillance and intimidation by vigilante groups as well as legal problems related to personal status and property. In society, Christians are seen as second-class infidels.

**Pray** Kuwait would move toward true freedom of religion.

**Pray** for Muslim family members of Christians to see the love of Christ exemplified.

**Pray** the Christian community would not be discouraged.
